BODY CONTACTING MATERIALS

PET Film

WARNINGS

- Discard face shield immediately if torn, cracked, or damaged.
- Face shields are non-sterile and should not be used in any settings where sterility is required.

DISCLAIMER

These single-use disposable face shields are intended for general healthcare use; not intended to provide liquid barrier protection. They are not tested for medical use and may not prevent the spread of infectious disease.

CAUTIONS/CONTRAINDICATIONS

NOT for use in:

- Any surgical settings or where significant exposure to liquid, bodily or other hazardous fluids, may be expected;
- Clinical settings where the infection risk level through inhalation exposure is high; or the presence of a high intensity heat source or flammable gas.

Face shields are not intended to provide antimicrobial, antiviral, or infection protection or prevention.
